Make Lovely Xmas Paper Chains

A really simple Christmas activity that all ages can enjoy!

What you need:

- * Strips of paper about 2.5cm x 20cm (1 inch x 8 inch)

The paper can be wrapping paper, coloured printing paper, white printing paper that can be decorated with crayon or felt tip after cutting.

- * A stapler, tape or glue

What you do:

1. Cut the paper into strips.

2. Form into a circle and staple, glue or tape the ends together.

3. Take the next strip of paper and thread it through the first, form it into a circle and staple, glue or tape the ends together. Continue until you have as much chain as you want.

4. Hang the chains on the Xmas tree and decorate around the house - they will look great!

Thank you to Crich Tramway Village for sharing this great activity.
